AMENDED IN SENATE APRIL 20, 2015

**SENATE BILL**

**No. 585**

---

**Introduced by Senator Leyva**

February 26, 2015

---

An act to add Article 7.5 (commencing with Section 13550) to Chapter 2 of Division 3 of the Insurance Code, relating to insurance.

LEGISLATIVE COUNSEL'S DIGEST

SB 585, as amended, Leyva. Insurance payments: interception.

Existing law creates the Department of Child Support Services and provides for the interception of funds from state tax refunds, lottery winnings, unemployment compensation benefits, and benefits under the Public Employees' Retirement System that otherwise would be paid to a person owing past due child support. Existing law creates the Department of Insurance, headed by the Insurance Commissioner, and prescribes the department's powers and duties.

This bill would, beginning July 1, 2016, create the Insurance Payment Intercept Program within the Department of Insurance. The bill would require the Department of Child Support Services to facilitate a data match system using automated data exchanges through which an insurer or self-insurer would be required to report, no later than 30 days prior to a claim payout, the name, address, and, if known, date of birth and social security number or other taxpayer identification number for each claimant to match a claimant who owes past due support, as specified.

This bill would authorize the commissioner, in his or her discretion, to impose a fine, not to exceed \$1,000, upon an insurer or self-insurer who violates the bill's requirement to provide claim data. The bill would

additionally authorize the commissioner to issue an order requiring the violator to comply with that requirement.

~~Existing constitutional provisions require that a statute that limits the right of access to meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by that limitation and the need for protecting that interest.~~

~~This bill would make a legislative finding and declaration relating to the necessity of treating insurance claims data and any past due support information obtained by the Department of Child Protective Services as confidential in order to protect the privacy of individual claimants and persons owed past due support.~~

~~Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.~~

~~This bill would make legislative findings to that effect.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
